Subject Index of Articles*

Counseling Concepts

OBJECTIVES
The role of the student organization adviser, 44
The counselor as technique, 108
Guidance and the youth culture, 302
Some missing links in counseling theory and research, 325
The school counselor: His unique mental health function, 409
A cubist approach to the art of counseling, 670
Control, conditioning, and counseling, 680
The self-concept in career development: A construct in transition, 767
The definition and development of early career behavior: A first formulation, 775
New research in vocational development: Discussion of the papers, 780

METHOD AND PROCESS
Development of an instrument for measuring rapport, 18
Reporting results of the standardized testing program to parents, 56
The counselor as technique, 108
The prediction of counseling readiness, 112
Evaluation of a guidance text, 126
A school report of group counseling, 133

* The classification system followed in the subject index was developed by the Bibliography Services Committee of the Division of Counseling Psychology, American Psychological Association, Barbara A. Kirk, Chairman.

Voluntary versus compulsory counseling with regard to college entrance plans, 234
Counseling practices in the small colleges and universities of the Pacific Northwest: A twelve-year follow-up study, 254
Some missing links in counseling theory and research, 325
The statewide testing program, 394
The school counselor: His unique mental health function, 409
Counselor observation and empirical validation, 445
A cubist approach to the art of counseling, 670
Control, conditioning, and counseling, 680
Schizophrenia, motility, and counseling, 808

WORKER
The role of the student organization adviser, 44
The counselor as technique, 108
The interpersonal diagnosis of principals and counselors, 118
Student perceptions of assistance provided by counselors in college planning, 157
Guidance and the youth culture, 302
Selection of rehabilitation counseling students, 318
Differential perceptions of the student dormitory counselor's role, 350
The school counselor: His unique mental health function, 409
Guidance institutes and the persistence of attitudes: A progress report, 415
The "counseling" attitudes of deans of women, 438
The prediction of counselor interview behavior, 513
Rehabilitation counselor training in the United States, 606
The school counselor and his publics: A problem in role definition, 687
Counselor perception of the therapeutic aspects of the sheltered workshop, 705
Student opinions of a high school guidance program, 709

Personality

ORIGIN AND DEVELOPMENT
The non-achievement syndrome, 535

ORGANIZATION
The California Psychological Inventory profile of student leaders, 343
Psychological needs of college freshmen and their academic achievement, 359
The ethical discriminatory abilities of high school students, 518
The non-achievement syndrome, 535
Occupation and personality: Relationship between the social factors of the job and human orientation, 602
College freshmen evaluate symptoms of maladjustment, 631
Control, conditioning, and counseling, 680
The Vocational Development Inventory: A measure of vocational maturity in adolescence, 771
New research in vocational development: Discussion of the papers, 780

CHANGE
Using tests to measure change, 6
Guidance and the youth culture, 302
An exploration of attitude and value changes of college freshmen, 403
Guidance institutes and the persistence of attitudes: A progress report, 415
The non-achievement syndrome, 535
Schizophrenia, motility, and counseling, 808

Educational Adjustment

SUCCESS PREDICTION—LEVELS
The Culture-Free Intelligence Test in a college of the Western Pacific, 123
College achievement: Its relationship to high school achievement experiences and test scores, 247
A further investigation of an MMPI scale for predicting college achievement, 251
Prediction of academic achievement at the university level, 694
The elementary school counselor and the gifted underachiever, 716
Using test results and teacher evaluation in identifying gifted pupils, 720

SUCCESS PREDICTION—CURRICULA
A Four-year study of the characteristics of engineering students, 38
Prediction of academic success in a college of business administration, 147
Accuracy of student prediction of college grades, 528
Sources of influence on choice of a college major, 617
Prediction of academic achievement at the university level, 694

ADJUSTMENT—OTHER FACTORS
The role of the student organization adviser, 44
Voluntary versus compulsory counseling with regard to college entrance plans, 234
Psychological needs of college freshmen and their academic achievement, 359
Evaluating the effectiveness of a workshop rehabilitation program, 541
Some factors in marital adjustment and academic achievement of married students, 609
A note on under- and overachievement measurement, 621
To help each student achieve his highest potential, 721
A comparison of two methods for classifying underachievers with respect to selected criteria, 788

STUDENT POPULATION ANALYSES
Educational acceleration: Occasional procedure or major issue?, 12
College performance of fraternity members and independent students, 29
Moral values across cultures, 139
Student performance in morning and afternoon classes, 144
Response pattern differences of selected Negro and white subjects on SCAT, 582
Some factors in marital adjustment and academic achievement of married students, 609

Vocational Development

OCCUPATIONAL CHOICE
A four-year study of the characteristics of engineering students, 38
A study of the "Estimates of Worker Trait Requirements," 59
Significant factors in placing mental retardates from a workshop situation, 260
Occupational information and occupational choice, 311

The self-concept in career development: A construct in transition, 767
The Vocational Development Inventory: A measure of vocational maturity in adolescence, 771

OCCUPATIONAL CHOICE PREDICTION
Occupational interest profiles of the deaf, 50
A guidance oriented occupational placement service, 155
A normative study of the SVIB using an objective method of pattern analysis, 222
Occupational information and occupational choice, 311
Children's rankings of occupational prestige, 332
Junior high school students' vocational preferences and their parents' occupational levels, 590
The definition and development of early career behavior: A first formulation, 775

JOB SATISFACTION
A study of the "Estimates of Worker Trait Requirements," 59
Job satisfaction researches of 1961, 240
Personal and vocational characteristics of dental students, 522
Another job course pays off, 531
Occupation and personality: Relationship between the social factors of the job and human orientation, 602

LIFE STAGES OR WORK PERIODS
Work: A neglected resource for students, 229
Children's ranking of occupational prestige, 332
Occupational prestige: Indonesia and America, 430
Placement readiness and placement success, 700
The self-concept in career development: A construct in transition, 767
The Vocational Development Inventory: A measure of vocational maturity in adolescence, 771
The definition and development of early career behavior: A first formulation, 775
New research in vocational development: Discussion of the papers, 780

Adjustment Factors—Others

CULTURAL—ETHNIC
The Culture-Free Intelligence Test in a college of the Western Pacific, 123
Moral values across cultures, 139

MENTAL
Using tests to measure change, 6
Educational acceleration: Occasional procedure or major issue?, 12
College performance of fraternity members and independent students, 29
College achievement: Its relationship to high school achievement experiences and test scores, 247
A further investigation of an MMPI scale for predicting college achievement, 251
The elementary school counselor and the gifted underachiever, 716
Using test results and teacher evaluation in identifying gifted pupils, 720
To help each student achieve his highest potential, 721
A comparison of two methods for classifying underachievers with respect to selected criteria, 788

EMOTIONAL—SOCIAL
Using tests to measure change, 6
Evaluation of a guidance text, 126
Student perceptions of counselor role in the college decision, 337
The California Psychological Inventory profile of student leaders, 343
An exploration of attitude and value changes of college freshmen, 403
The ethical discriminatory abilities of high school students, 518
Evaluating the effectiveness of a workshop rehabilitation program, 541
Some factors in marital adjustment and academic achievement of married students, 609
Sources of influence on choice of a college major, 617
College freshmen evaluate symptoms of maladjustment, 631

Measurement

PSYCHOMETRY
Using tests to measure change, 6
Effect of tutoring on Scholastic Aptitude Test scores, 32
The matter of "ipsative scores," 210
A normative study of the SVIB using an objective method of pattern analysis, 222
Conversion tables for Otis Gamma and Scholastic Aptitude Test, 356
The statewide testing program, 394
Chance factors in the interpretation of group administered multiple-choice tests, 435
Counselor observation and empirical validation, 445
Relationship between GATB aptitude scores and age for adults, 502
Can useful general-purpose equivalency tables be prepared for different college admissions tests?, 792

TEST SELECTION AND USE
Occupational interest profiles of the deaf, 50
Reporting results of the standardized testing program to parents, 56
The matter of "ipsative scores," 210
The need for the National Merit Scholarship Qualifying Test: A Michigan study, 218
Masculinity faking on the FM scale of an interest inventory, 346
The statewide testing program, 394
Oral problem-solving performances of superior high school students, 425
Chance factors in the interpretation of group administered multiple-choice tests, 435
Relationship between GATB aptitude scores and age for adults, 502
Effect of organization size on validity of occupational-level score, 547
Response pattern differences of selected Negro and white subjects on SCAT, 582
Comparability of scores on three examinations sponsored by external agencies in secondary schools in New York State, 596
A note on under- and overachievement, 621
The Ohio State Psychological Test today: A current evaluation for counseling, 677
The self-concept in career development: A construct in transition, 767
A comparison of two methods for classifying underachievers with respect to selected criteria, 788

Can useful general-purpose equivalency tables be prepared for different college admissions tests?, 792
Using the pictorial normal curve in test interpretation, 812

Tests

INTELLIGENCE
College achievement: Its relationship to high school achievement experiences and test scores, 247
Conversion tables for Otis Gamma and Scholastic Aptitude Test, 356
Response pattern differences of selected Negro and white subjects on SCAT, 582
Prediction of academic achievement at the university level, 694

PROFICIENCY
Effect of tutoring on Scholastic Aptitude Test scores, 32

EDUCATIONAL APTITUDE
The need for the National Merit Scholarship Qualifying Test: A Michigan study, 218
Prediction of academic achievement at the university level, 694
Can useful general-purpose equivalency tables be prepared for different college admissions tests?, 792

SPECIAL APTITUDE
A normative study of the SVIB using an objective method of pattern analysis, 222
Effect of organization size on validity of occupational-level score, 547
The Vocational Development Inventory: A measure of vocational maturity in adolescence, 771
Work sampling in a university counseling center, 783

PERSONALITY OR ADJUSTMENT
Comparison of teacher ratings of personality with results of an incomplete sentences blank, 58
A further investigation of an MMPI scale for predicting college achievement, 251
The California Psychological Inventory profile of student leaders, 343
Masculinity faking on the FM scale of an interest inventory, 346
Relationship of interests as measured by the Kuder Preference Record to personality as measured by the California Psychological Inventory scales, 624

Occupational Information

ROLE
A guidance oriented occupational placement service, 155
Children's rankings of occupational prestige, 332
Occupational prestige: Indonesia and America, 430
Education and occupational success, 442

SOURCE AND DEVELOPMENT
A study of the "Estimates of Worker Trait Requirements," 59
Junior high school students' vocational preferences and their parents' occupational levels, 590

MATERIALS
Job satisfaction researches of 1961, 240
Occupational information and occupational choice, 311
Education and occupational success, 442
Personal and vocational characteristics of dental students, 522

DISSEMINATION
Evaluation of a guidance text, 126
Another job course pays off, 531

Process—Individual Counseling

RELATIONSHIP
Development of an instrument for measuring rapport, 18
The counselor as technique, 108
The prediction of counseling readiness, 112
Student perceptions of assistance provided by counselors in college planning, 157
A cubist approach to the art of counseling, 670

METHODOLOGY
The counselor as technique, 108
A normative study of the SVIB using an objective method of pattern analysis, 222
Voluntary versus compulsory counseling with regard to college entrance plans, 234
Relationship of marriage counseling and family life education, 420
The prediction of counselor interview behavior, 513
A cubist approach to the art of counseling, 670

PSYCHOTHERAPEUTIC TECHNIQUES
Control, conditioning, and counseling, 680

Process—Group Counseling

DISCUSSION METHODS
Evaluation of a guidance text, 126
A school report on group counseling, 133
Experimental guidance program of parent-counselor conferences, 811

Counseling Programs

COLLEGE AND UNIVERSITY
The role of the student organization adviser, 44
Counseling practices in the small colleges and universities of the Pacific Northwest: A twelve-year follow-up study, 254
Differential perceptions of the student dormitory counselor's role, 350
Relationship of marriage counseling and family life education, 420
The "counseling" attitudes of deans of women, 438
Counselor observation and empirical validation, 445

SCHOOL (SECONDARY AND OTHER)
Guidance services at the intermediate level, 25
Reporting results of the standardized testing program to parents, 56
A school report on group counseling, 133
Student perceptions of assistance provided by counselors in college planning, 157
Voluntary versus compulsory counseling with regard to college entrance plans, 234
Student perceptions of counselor role in the college decision, 337
The statewide testing program, 394
The school counselor: His unique mental health function, 409
Professional staffing of guidance positions, 509
The prediction of counselor interview behavior, 513

Title Five has helped North Dakota, 629
The Ohio State Psychological Test today: A current evaluation for counseling, 677
The school counselor and his publics: A problem in role definition, 687
Student opinions of a high school guidance program, 709
The elementary school counselor and the gifted underachiever, 716
To help each student achieve his highest potential, 721
A new approach to student records, 724
Work sampling in a university counseling center, 783
School guidance needs research, 798
Experimental guidance program of parent-counselor conferences, 811
Using the pictorial normal curve in test interpretation, 812

SPECIAL GROUP
Occupational interest profiles of the deaf, 50
Significant factors in placing mental retardates from a workshop situation, 260
Selection of rehabilitation counseling students, 318
Experimental fee structure based on direct cost of service, 448
Evaluating the effectiveness of a workshop rehabilitation program, 541
Rehabilitation counselor training in the United States, 606
Counseling the prospective nursing student, 630
Counselor perception of the therapeutic aspects of the sheltered workshop, 705
Work sampling in a university counseling center, 783
Some experiences in educating physically handicapped students, 803

Profession

SPECIALTIES
Differential perceptions of the student dormitory counselor's role, 350
Relationship of marriage counseling and family life education, 420
Experimental fee structure based on direct cost of service, 448
The elementary school counselor and the gifted underachiever, 716
Some experiences in educating physically handicapped students, 803

SELECTION
Selection of rehabilitation counseling students, 318
Fellowships, scholarships, and assistantships for guidance and personnel graduate training 1963–1964, 450
Professional staffing of guidance positions, 509
Title Five has helped North Dakota, 629

TRAINING AND SUPERVISION
Development of an instrument for measuring rapport, 18
Selection of rehabilitation counseling students, 318
Guidance institutes and the persistance of attitudes: A progress report, 415
Oral problem-solving performances of superior high school students, 425
Fellowships, scholarships, and assistantships for guidance and personnel graduate training 1963–1964, 450
Professional staffing of guidance positions, 509
Rehabilitation counselor training in the United States, 606
Title Five has helped North Dakota, 629
A cubist approach to the art of counseling, 670

RELATIONSHIPS
The interpersonal diagnosis of principals and counselors, 118
The "counseling" attitudes of deans of women, 438
The school counselor and his publics: A problem in role definition, 687

Research Methodology

The Culture-Free Intelligence Test in a college of the Western Pacific, 123
The matter of "ipsative scores," 210
Some missing links in counseling theory and research, 325
Oral problem-solving performances of superior high school students, 425
School guidance needs research, 798
